DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in a patent granted on an application for patent by another filed in the United States before the invention thereof by the applicant for patent, or on an international application by another who has fulfilled the requirements of paragraphs (1), (2), and (4) of section 371(c) of this title before the invention thereof by the applicant for patent.

The changes made to 35 U.S.C. 102(e) by the American Inventors Protection Act of 1999 (AIPA) and the Intellectual Property and High Technology Technical Amendments Act of 2002 do not apply when the reference is a U.S. patent resulting directly or indirectly from an international application filed before November 29, 2000. Therefore, the prior art date of the reference is determined under 35 U.S.C. 102(e) prior to the amendment by the AIPA (pre-AIPA 35 U.S.C. 102(e)).

2. Claims 39-41 and 60-62 are rejected under 35 U.S.C. 102(e) as being anticipated by Cai et al (US Patent 6,967,996 B1).

Regarding to claims 39 and 60, Cai discloses a method for communicating information packets between a first CO modem 45 and a plurality of CPE modems 55 (fig. 5), the method comprising the steps of observing a training process for the plurality of CPE modems 325 (fig. 7 col. 9 lines 19-23), assigning a CPE selector identifier to each CPE modem based on the training process 335 (fig. 7 col. 9 lines 26-36); and responding to a burst directed to a CPE selector identifier 360 (fig. 7 col. 9 lines 59-65).

Art Unit: 2616

Regarding to claims 40, 41, 61, and 62, Cai discloses each CPE modem communicates via single loop 48 or individual connecting loops 48 (fig. 5 col. 7 lines 24-27).

Allowable Subject Matter

3. Claims 42-45 and 63-66 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

4. Claims 1-38 and 46-59 are allowed.
